Carlow County Council Financial Review

Annual Financial Statement for year ending 31st December 2014

The financial accounts of Carlow County Council for year ended 31st December 2014 have been prepared in accordance with the Local Government Act 2001, the Local Government Reform Act 2014, the Local Authority Accounting in Ireland Code of Practice & Accounting Regulations and the Local Government (Financial and Audit Procedures) Regulations 2014. The 2014 Annual Financial Statement consolidates the accounts of the former Carlow Town Council and the accounts of Carlow County Council.

Format of 2014 Accounts

The 2014 accounts include an Income and Expenditure account, Balance Sheet, Statement of Accounting Policies, notes to the accounts and appendices and are in line with the best modern financial reporting and accounting practices.

Fixed Assets

The Councils policies on fixed assets are set out in section 9 of the "Statement of Accounting Policies". The value of the Council's assets (net of depreciation) at 31st December 2014 amounted to € 1,031,233m. € 728.595m are Infrastructure assets. The remaining € 302.638m are Operational, Non Operational, and Community assets, which include Local Authority Houses, Corporate Property, Land Bank etc. The ongoing operational and maintenance costs of these assets are included in the Council's Revenue account and are provided for each year in the Annual Budget. Water Services assets with a net book value of € 123.112m transferred to Irish Water on 1st January 2014.

| | € Million | % |

| PLANT /EQUIP/HERITAGE | 1,218,332 | 0.12% |
| Total | 1,031,233,359 | 100% |

Income and Expenditure Account 2014 (Revenue Account)

Revenue expenditure in 2014 amounted to €46.829m excluding transfers from/to reserves. The closing balance on the Revenue account at the 31st December 2014 was €366,511 *(credit)* with a surplus of €266,288 recorded within the year. This was a significant result in the context of the current operating environment. The effort made by each department to remain within budget in 2014 while fulfilling the various work programmes agreed by Council is acknowledged.

Expenditure in Excess of Annual Budget

In 2014 expenditure in excess of the Annual Budget occurred on a number of individual services, which was offset by additional receipts, grants \ recoupments or savings in other areas. The following table summarises services where expenditure exceeded the Annual Budget and approval is now requested to this expenditure pursuant to Section 104 of the Local Government Act 2001 and Local Government Reform Act 2014.

Debtors

In recent years debtor accounts have been adversely affected by the economic down turn. In keeping with the Councils business support culture every effort is made to work with our customers through challenging times. In 2014 \in 16.68m was collected in respect of commercial rates, housing rents and housing loans. Commercial debtors have decreased by \in 1.44 m. Following the due diligence process \in 3.85m is due to the Council in respect of capital water /waste water schemes and non domestic water charges debtors transferring to Irish Water . A detailed summary of the major collection accounts is set out in Appendix 7. \in 5.77 million is included as a provision for doubtful debts.

Development Contributions

In accordance with the Council's accounting policy development contributions of \in 4.39 m are accrued of which \in 1.76 m is shown in the accounts as deferred income (relating to phases of developments which are newly constructed but unsold and unused). \in 2.63m is collectable but because of the current economic climate it will be difficult to secure payment in the short term and accordingly a provision of \in 2.37m has been made for doubtful debts. Receipts from development contributions amounted to \in 971,000 in 2014.

Capital Account

Capital expenditure in 2014 amounted to $\[mathbb{e}\]$ 16.097m. The timing of expenditure on individual schemes and the funding of those schemes through Government grants and recoupments or internal resources determine the outturn on the Capital account. In 2014 there was a cash inflow of $\[mathbb{e}\]$ 4.83 m on the Capital account.

Development Credits - Sections 47 & 245 of the Planning Act 2000

Pursuant to sections 47 & 245 of the Planning Act 2000 credits in the sum of \in 11.621m have been advanced to developers in lieu of the provision of infrastructure. The development credits will be offset against future development contributions payable by those developers to the Council. At 31st December 2014 credits in the sum of \in 703,000 had been drawn down. The balance of \in 10,918m is shown as a contra entry in the Capital account.

Capital Debt

At the 31st December 2014, the Council held loans with lending institutions to the value of \in 49.065m. In addition to capital debt the Council has finance leasing arrangements with a value of \in 62,900. Loans of \in 7.158m are included in respect of the Council's housing land bank. In 2014 capital and interest repayments were deferred in respect of \in 4.9m of those loans. \in 17.47 is included in respect of loans advanced to voluntary housing associations.

Summary

In 2014 Capital and Revenue expenditure amounted to €62.926m. The Revenue account balance improved by €266,288 and there was a cash inflow of € 4.83m on the Capital account. Notwithstanding the fact that the last six years have presented significant financial challenges the Council is in a stable financial position and has consistently maintained high standards across all services.

The 2014 accounts will be forwarded to the Department of the Environment, Community and Local Government for audit purposes. When the audit report becomes available it will be submitted to Council for consideration.

Independent Auditor's Opinion to the Members of Carlow County Council

I have audited the annual financial statement of Carlow County Council for the year ended 31 December 2014 as set out on pages 8 to 26, which comprises the Statement of Accounting Policies, Statement of Comprehensive Income, Statement of Financial Position, Statement of Funds Flow and Notes on and forming part of the Accounts. The financial reporting framework that has been applied in its preparation is the Code of Practice and Accounting regulations as prescribed by the Minister for the Environment, Community and Local Government.

Responsibilities of the Council and the Local Government Auditor

The Council, in accordance with Section 107 of the Local Government Act, 2001, is responsible for the maintenance of all accounting records including the preparation of the Annual Financial Statement. It is my responsibility, based on my audit, to form an independent opinion on the statement and to report my opinion to you.

Scope of the audit of the financial statement

I conducted my audit in accordance with the Code of Audit Practice, as prescribed under Section 117 of the Local Government Act, 2001. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the annual financial statement. It also includes an assessment of the significant estimates and judgements made in the preparation of the financial statement, and of whether the accounting policies are appropriate to the Council's circumstances, consistently applied and adequately disclosed.

I planned and performed my audit so as to obtain all the information and explanations which I considered necessary in order to provide sufficient evidence to give reasonable assurance that the annual financial statement is free from material misstatement, whether caused by fraud or error.

Opinion on the financial statement

In my opinion the annual financial statement, which has been prepared in accordance with the Code of Practice and Accounting Regulations for local authorities, presents fairly the financial position of the Carlow County Council at 31 December 2014 and its income and expenditure for the year then ended.

Statutory Audit Report

I have also prepared an associated audit report as provided for in Section 120(1)(c) of the Local Government Act, 2001.

STATEMENT OF ACCOUNTING POLICIES

1. General

The accounts have been prepared in accordance with the Accounting Code of Practice ACoP on local authority accounting, as revised by the Department of Environment, Community and Local Government (DECLG) at 31st December 2014. Non-compliance with accounting policies as set out in ACoP must be stated in the Policies and Notes to the Accounts.

2. Statement of Funds Flow (Funds Flow Statement)

A Statement of Funds Flow has been introduced as part of AFS 2011. While the guidance of International Accounting Standard 7 Statement of Cash Flows has been followed, the business of local authorities is substantially different to most private sector organisations and therefore some minor changes to the format have been agreed to ensure the data displayed is meaningful and useful within the local government sector. For this reason the statement is being referred to as a 'Statement of Funds Flow'. The financial accounts now include a Statement of Funds Flow shown after the Statement of Financial Position (Balance Sheet). Notes 18 – 23 relate to the Statement of Funds Flow and are shown in the Notes on and forming part of the Accounts section of the AFS. Note 20 details Project/Non Project/Affordable/Voluntary balances, which can be either a debit or a credit balance. The funds flow assumes that these are debit balances and bases the (Increase)/Decrease description on this.

3. Accruals

The revenue and capital accounts have been prepared on an accrual basis in accordance with the Code of Practice.

4. Interest Charges

Loans payable can be divided into the following two categories:

- Mortgage related loans
- · Non- mortgage related loans

4.1 Mortgage Related Loans

Mortgage related loans have a corresponding stream of income from long term advances (i.e. monies lent by the local authorities to borrowers), for the purchase of houses. Only the interest element is charged or credited to the Statement of Comprehensive Income (Income and Expenditure Statement).

4.2 Non Mortgage Related Loans

Note 8 to the accounts sets out the types of borrowing under this heading. Loans relating to assets/grants, revenue funding, inter local authority will not have a corresponding stream of income. Bridging finance will eventually become part of permanent funding. Loans in respect of the other headings will have a corresponding value in Note 3.

5. Pensions

Payments in respect of pensions and gratuities are charged to the revenue account in the accounting period in which the payments are made. The cost of salaries and wages in the accounts includes deductions in respect of pension contributions (including Widows and Orphans) benefits. Such deductions are credited as receipts to the Statement of Comprehensive Income (Income & Expenditure Statement). The requirements of current accounting standards relating to pensions and their application to local authority accounting remains under consideration.

6. Agency and Other Services

Expenditure on services provided or carried out on behalf of other local authorities is recouped at cost or in accordance with specific agreements.

7. Insurance

The Local Authority operates an insurance excess of €12,700

8. Provision for Bad & Doubtful Debts

Provision has been made in the relevant accounts for bad & doubtful debts.

9. Fixed Assets

9.1 Classification of Assets

Fixed assets are classified into categories as set out in the Statement of Financial Position (Balance Sheet). A further breakdown by asset type is set out in note 1 to the accounts.

9.2 Recognition

All expenditure on the acquisition or construction of fixed assets is capitalised on an accrual basis.

9.3 Measurement

A Statement of Financial Position (Balance Sheet) incorporating all of the assets of the local authority was included for the first time in the Annual Financial Statement for 2003. The assets were valued based on the 'Valuation Guideline' issued by the DECLG. All assets purchased or constructed as from 1/1/2004 have been included at historical cost. Accounting policies relating to leases are currently being developed and will be reflected in the financial statements at a future date.

9.4 Revaluation

As set out in a revision to the Accounting Code of Practice it is policy to show fixed assets at cost. Maintenance and enhancement costs associated with Infrastructure assets are not currently included in fixed assets but will be reviewed at a future date. Due to their physical nature the vast majority of assets are unique to local authorities and are not subject to disposal. Any loss or gain associated with the net realisable value of the remaining general assets subject to disposal, are accounted for at time of disposal.

9.5 Disposals

In respect of disposable assets, income is credited to a specific reserve and is generally applied in the purchase of new assets. Proceeds of the sale of local authority houses are to be applied as directed by the DECLG.

9.6 Depreciation

Under the current method of accounting, the charge for depreciation is offset by the amortisation of the source of funding the asset. This method has a neutral impact on Income & Expenditure and consequently the charge for depreciation and the corresponding credit from amortisation is excluded from the Statement of Comprehensive Income (Income & Expenditure Statement).

The policies applied to assets subject to depreciation are as follows:

| Asset Type | Bases | Depreciation Rate |
|-------------------------------|----------|--------------------------|
| | | |
| Plant & Machinery | <u> </u> | |
| Long life | S/L | 10% |
| - Short life | S/L | 20% |
| Equipment | S/L | 20% |
| Furniture | S/L | 20% |
| Heritage Assets | | Nil |
| Library Books | | Nil |
| Playgrounds | S/L | 20% |
| Parks | S/L | 2% |
| Landfill sites (*See note) | | |
| Water Assets | | |
| - Water schemes | S/L | Asset life over 70 years |
| - Drainage schemes | S/L | Asset life over 50 years |

The Council does not charge depreciation in the year of disposal and will charge a full year's depreciation in the year of acquisition.

* The value of landfill sites has been included in note 1 under land. Depreciation represents the depletion of the landfill asset.

10. Government Grants

Government grants are accounted for on an accrual basis. Grants received to cover day-to-day operations are credited to the Statement of Comprehensive Income (Income & Expenditure Statement). Grants received, relating to the construction of assets, are shown as part of the income of work-in-progress. On completion of the project the income is transferred to a capitalisation account.

11. Development Debtors & Income

All development debtors are now included in notes 3 & 5. Income from development contributions not due to be paid within the current year is deferred and shown under long term creditors in the balance sheet.

Short term water related development contribution debtors balances (less bad debt provision) as at 31 December 2014 are being shown with an equivalent creditor in the AFS to reflect the transfer of water and waste water servies to Irish Water. Cash collected in 2014 but not paid over to Irish Water in 2014 is also shown as a creditor.

12. Debt Redemption

The proceeds from the early redemption of loans by borrowers, are applied to the redemption of mortgage related borrowings from the HFA and OPW.

13. Lease Schemes

Rental payments under operating leases are charged to the Statement of Comprehensive Income (Income & Expenditure Statement). Assets acquired under a finance lease are included in fixed assets. The amount due on outstanding balances is shown under current liabilities and long-term creditors.

14. Stock

Stocks are valued on an average cost basis.

15. Work-in-Progress & Preliminary Expenditure

Work-in progress and preliminary expenditure is the accumulated historical cost of various capital related projects. The income accrued in respect of these projects is shown in the Statement of Financial Position (Balance Sheet) as 'Income WIP'.

16. Debtors and Creditors

16.1 Debtors

At the close of the financial year, debtors represent income due but not yet received.

16.2 Creditors

At the close of the financial year, creditors represent payments due in respect of goods received and services rendered but not yet paid.

17. Interest in Local Authority Companies

The interest of CARLOW COUNTY COUNCIL in companies is listed in Appendix 8.

18. Transfer of Responsibility for the Delivery of Water Services

The Water Services Act 2013 and the Water Services (No. 2) Act 2013 provided for the establishment of Irish Water as an independent subsidiary within Ervia (formerly Bord Gáis Éireann Group). From 1 January 2014, the legislation provides:

- for the transfer of Local Authority water services assets and liabilities to Irish Water.
- that all functions of a Local Authority relating to water services, shall transfer to Irish Water other than those related to flood alleviation, rural water services, notably group water schemes and individual domestic wastewater treatment systems.
- that Local authorities will deliver services on behalf of Irish Water through service level agreements for an agreed payment. It is provided that these agreements will run for an initial 12 year period with reviews after two years and seven years. This has been reflected in Local Authority revenue budgets adopted for 2015.

The impact on the AFS for 2014 is as follows:

1. Balancing Statement

The transfer of the capital balances and debtors covered by the Balancing Statement results in the elimination of these balances from the AFS and the creation of a net debtor or creditor to or from Irish Water

2. Water Related Loans

The change of responsibility for the payment of water related loans results in the creation of a short-term debtor (DECLG) in the case of HFA loans, which it is understood will be redeemed in 2015 and the creation of a long term debtor for non HFA water loans in AFS 2014

3. Water Property, Plant & Equipment (Fixed Assets)

In line with Sections 7, 21 of the Water Services (No.2) Act 2013, S.I. No.13 of 2015 the Water Services (No.2) Act 2013 (Property Vesting Day Order 2015 and the Accounting Code of Practice, water infrastructure assets have been removed from the books of the local authority. Assets relating to the functions being retained by the local authority are currently being identified.

19. Mergers and Unifications

The Local Government Reform Act 2014 gave effect to significant structural reforms and other changes to the local government system, first detailed in Action Programme for effective Local Government (October 2012). The '2014 establishment day' and the 'transfer date' was 1 June 2014. The '2014 establishment day' order (dissolved the local authorities in Limerick, Tipperary and Waterford and replaced them with new merged local authorities) and the 'transfer date' order (activated the dissolution of town councils and established the local authorities in whose areas the town councils were situated as their successors). Annual Financial Statements for 2014 reports on the financial position of local authorities under the new structure and assumes the existence of the new local authority for the full year. Prior year comparatives have been updated accordingly to reflect the new structures.

FINANCIAL ACCOUNTS

STATEMENT OF COMPREHENSIVE INCOME (INCOME & EXPENDITURE ACCOUNT STATEMENT) FOR YEAR ENDING 31st DECEMBER 2014

The Income and Expenditure Account Statement brings together all the revenue related income and expenditure. It shows the surplus/(deficit) for the year. Transfers to/from reserves are shown separately and not allocated by service division. Note 17 allocates transfers by service division in the same format as Table A of the adopted Local Authority budget.
