‘This Council will write to the Minister for Defence and An Taoiseach asking that the long over due medals for gallantry and distinguished service specifically for the Irish soldiers of “A” Company who served at Jadotville in 1961 be awarded. These medals were promised by former Taoiseach Enda Kenny in his final days in Office and still they have not been received.’

Climate Strike –

That this council supports the global climate strike set for September 20th.

Following this council’s declaration of a climate emergency and considering the support shown to the Carlow school students strike from council officials last May this council moves to support the calls from activist groups, like Extinction Rebellion and NGOs alike for the global climate strike on September 20th.

Litter in public ownership

This Council agrees that waste management in Carlow should be remunicipalised and that a working group comprising group representatives and management meet in September and October to consider how this might be advanced, said working group to report to the November Carlow Council Meeting.

Carlow council has a public health responsibility to the people who live work and recreate in our county as well as a responsibility to the environment and our climate crisis to look to the remunicipalisation of this critical service.
