That this Council request the Chief Executive to provide a report to Elected Members:

- (ii) outlining the Council's role in the maintenance and upkeep of "historic graveyards" and
- (iii) listing possible sources of funding for local committees to maintain and upkeep "historic graveyards."

6.2 Standing in the name of Cllr. A. Wallace

"This Council is gravely concerned that the Central Bank of Ireland is regulating the Israel Bonds Issuance Programme and, thereby, facilitating the sale throughout Europe of bonds which are funding genocide in Gaza. The Council believes that the Central Bank of Ireland must end all complicity in genocide. Council, therefore, calls on the Central Bank of Ireland to immediately end the regulation of the Israeli Bond Issuance Programme.

A copy of this motion should be sent to all local TDs, Minister of Finance and every council, North and South."

6.3 Standing in the names of Cllr. Daniel Pender, Cllr. Tommy Kinsella, Cllr. Michael Doran & Cllr. Charlie Murphy

"We the elected members of Carlow County Council are asking the Minister for Housing, Local Government and Heritage to urgently request the publication of updated Wind Energy Development Guidelines, in light of the fact that the current guidelines, dating from 2006, remain in effect despite being widely acknowledged as outdated and no longer fit for purpose and noting the prolonged delay since the draft guidelines were issued in 2019.

Furthermore, in recognition of the uncertainty caused by the absence of an up-to-date national policy/regulation, this Council calls on the Minister to introduce a temporary pause on all large-scale onshore wind farm developments, pending the finalisation and adoption of revised Wind Energy regulation.

This motion reflects the councils commitment to ensuring that renewable energy development proceeds in a manner that is appropriately planned, environmentally sustainable, respects peoples rights and protects health and wellbeing of local communities and in light of the recent Wexford Court Cases the need for robust regulation in urgently required."
